Showing our hidden talent. Where I made a Sketch

Convenor 🔗
Central Library (Amritsar college of engineering and technology)
Coordinator of Student Library Committee for 4 years.

Certifications

100 Days of Code: The Complete Python Pro Bootcamp for 2023 🔗
Udemy

Vatsal Sharma

Full Stack Web Developer

Professional Summary

Dynamic Full Stack Web Developer proficient in the MERN stack (MongoDB, Express.js, React.js, Node.js), capable of creating seamless user interfaces and robust server-side logic. Demonstrates strong generative AI skills and a rapid learning curve for new technologies to drive innovation and excellence.

Experience

Adani Power Rajasthan Ltd., Kawai | Intern January 2023 – May 2023

- Gained hands-on experience in electrical maintenance, focusing on the operation and upkeep of power systems.
- Developed a comprehensive report on transformer maintenance, outlining procedures and best practices to ensure efficient operation and longevity of the equipment.
- Conducted regular inspections and maintenance activities on electrical equipment, highlighting hands-on technical skills and attention to detail.

Projects

Todo App Live Demo Link Github Repo Link

JavaScript React Git Node.js Express.js

MongoDB HTML5 CSS3

- Implemented secure user registration and login using JWT (JSON Web Tokens) for authentication.
- Designed and developed server-side APIs using Node.js and Express.js.
- Created and optimized MongoDB database models and queries.
- Developed frontend components using React.js for seamless user interaction.
- Collaborated with version control systems, like Git, for efficient workflow management.
